Soo Y. Kim, M.D.

Colon and Rectal Associates has developed a program of streamlined access to having a colonoscopy performed called OPEN ACCESS. OPEN ACCESS allows healthy patients, without exclusion criteria, to receive their colonoscopy without an initial office consultation. Patients must be in stable and good health, with no active gastrointestinal/medical conditions or complaints. The practice requires completion of an initial questionnaire which will be reviewed by staff and if circumstances are deemed appropriate, the procedure will be scheduled. If you are not considered appropriate for OPEN ACCESS, then the staff will assist you in arranging for an office consultation. At any time during the process, patients may feel free to arrange for an in-person consultation in the office with one of our physicians, as the physician will not have the time during your Open Access procedure to discuss your medical history and current issues as is customarily available in the office setting.

Enclosed you will find:

- Patient Health Inventory
- Open Access Colonoscopy Information Letter
- Bowel Preparation Instructions
- Procedure Consent Form

Please complete the Health Inventory, SIGN the information letter and return them to our office. It may take up to 2 weeks after receipt to have your information processed and reviewed.

Thank you for choosing Colon and Rectal Associates as we look forward to taking care of your colon and rectal health needs.

The Physicians of Colon and Rectal Associates

OPEN ACCESS COLONOSCOPY INFORMATION

Dear _____,

Thank you for selecting Colon and Rectal Associates for your colonoscopy needs. This letter is to inform you of the procedure and preparation details, some of which you will receive under a separate enclosure.

Colonoscopy is a two day undertaking. The preparation instructions for the laxative program are outlined in detail in a separate attachment.

With regards to any medications you are currently taking, we will review your list and discuss with you which, if any, medications need to be discontinued ahead of time, and which, if any, medications need to be taken on the morning of your colonoscopy before you leave the house(with just enough water to get them down). You may brush your teeth, rinse and gargle, but you are not permitted to drink any liquids, chew gum or consume breath mints.

Arrive at the facility the next morning about one hour prior to your appointment time. You'll be checked into the Center. You have been sent a Procedure Consent Form with this packet. **It is imperative that you sign this document and bring it with you to the Facility on the day of your procedure.**

The nursing staff will get you prepared for the procedure. You'll change into a procedure gown and have an IV placed for later administration of fluids and medications. You will have the opportunity to meet the anesthesia team at that time and they will go over with you their participation in the procedure.

The procedure is performed under a twilight anesthesia, and once you are well sedated, the flexible tube (the colonoscope) will be passed around the entire colon. If any abnormalities are encountered, they will be removed at that time, if technically possible, or biopsied to be interpreted by the pathologist at a later time. You will spend a period of time in the recovery area and then your driver will take you home where you should rest the remainder of the day. Because you have received intravenous drugs, you are prohibited from driving a car that day. We discourage you from making any important decisions and from drinking alcohol on that day, as well.

Every procedure in medicine carries potential risks. The major risks of colonoscopy include bleeding (which is only an issue if a polyp is removed—incidence 1:500 polyp removals), creation of a perforation, tear or hole in the bowel (1:2500-3000 procedures), and the possibility of missing an abnormality in the colon because no test in medicine is 100% accurate. If a perforation were to develop, it would require an urgent trip to the operating room for surgical repair.

We ask that you sign the bottom of this form indicating that you have read this document and understand its contents. You have been offered an office appointment to discuss the procedure in detail, which you have declined.

We look forward to taking care of you.

Sincerely,
Colon and Rectal Associates

I have read the instructions above, and I understand its contents. I waive the option to meet directly with the rendering physician.

BILLING POLICY

Thank you for choosing Colon and Rectal Associates, LTD. Our mission is to exceed our expectations by providing high quality care and achieving patient satisfaction. Your health and well-being is of the utmost importance to us. We have recently updated our billing policy. The cost of providing high quality care continues to rise and these changes are necessary to ensure that your needs are met. Effective June 1, 2017 our billing policy will be as follows:

1. All co-pays are due at time of service in order to be seen. Please contact your insurance company directly to confirm your co-pay amount for a specialist visit.
2. All referrals are due at time of service in order to be seen. We suggest you contact your PCP prior to your appointment with our office to confirm a referral was sent. Please request the confirmation number and date that the referral was issued.
3. All balances must be paid prior to services being rendered. All patient balances are due within 30 days of the statement date.
4. All patient balances and out of pocket fees including but not limited to, co-pays, co-insurance, and deductible are due no later than 48 hours prior to your scheduled procedure for service to be rendered. Please be advised you will be given an estimate for our physician's portion of your scheduled procedure and the amount is subject to change. You may also receive bills from the facility and the anesthesia physicians. After your claim is processed by your insurance carrier, if your remittance does not correspond with your remittance does not correspond with your insurance carrier's allowance, you will be billed for the difference or refunded for any overpayment.

We apologize for any inconvenience this may cause. However, no exceptions can be made as that would be a violation of our insurance contracts. As per the contractual agreement with our insurance carriers, we are unable to see patients without a co-pay or referral.

Please sign and date this document and return to the receptionist at your next appointment.

If you have any questions regarding this policy, please contact the office manager, Kelly Smith at 215-517-1250.
