To My Patients and Friends,

After 35+ years of clinical practice, I have decided to retire at the end of this calendar year. This is a decision not made without great consideration and consultation. It has been a pleasure, but more so a privilege, to have been entrusted with the opportunity and responsibility to care for you. You have enriched my world and I hope I have added to yours as well, both professionally and personally.

Though I will be leaving the practice, you will not be left without options for your continued health care. Doctors Zebley, Fassler, and Kim will be readily available to serve your medical needs. If you have not had the chance to interact with them, I know you will find them to be warm, attentive, and highly competent.

Thank you again for your vote of confidence over the past three decades. I wish you peace and good health.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven G. Harper", with a long horizontal flourish extending to the right.
